

THE CHEDI

EL GOUNA, RED SEA

ABOUT EL GOUNA

From a man's dream that started over 30 years ago, a fully-fledged town ashore the beautiful Red Sea coast has evolved. The thriving town is now home to a multi-cultural community of over 25000 residents, 18 hotels, 100+ restaurants and bars, a large array of top-of-the-line sports and leisure facilities, 2 professional golf courses, and a full range of European-standard services.

El Gouna is ideally situated only 22kms away from Hurghada International Airport, bordering a 10km beautiful beach stretch and straddling a series of 20 islands surrounded by picturesque lagoons and criss-crossed by arched, cobbled bridges. Attractively landscaped parkland gardens separate the hotels from the villas and apartments across the resort, which itself covers an area of more than 35 million square meters - the equivalent of 5,200 football pitches.

Famed for its water sports, there are nine PADI certified dive-centers with access to some of the best sites in the Red Sea. El Gouna has the perfect weather conditions for kitesurfing, which makes it a hugely popular pastime. No fewer than five centers offer tuition and facilities to match individual standards. Even if underwater adventures and soaring through the skies is not appealing, there are sufficient alternative activities, enough in fact to do something different every day during a week's stay, including deep sea fishing, windsurfing, horse-riding, go-carting, tennis and golf.

Add to that its year-round sun, internationally acclaimed environmental and hospitality awards, and easy access to Egypt's most dramatic cultural attractions, the centrally managed town of El Gouna is now one of Egypt's most recognizable holiday destinations.
